

Matthew Condon  
Secretary-Treasurer  
Teamsters Local 384  
2910 Hannah Ave  
Norristown, Pa 19401

I have been Secretary-Treasurer and elected business agent at Teamsters Local 384 for 18 years. As a local 384 business agent I have negotiated multiple contracts for employees working in school districts under both private and public sector agreements. Approximately nine years ago I was appointed by Teamster General President Hoffa to the First Student National Negotiating Committee and worked on negotiating the first national school bus contract covering 30,000 employees. I also participated in the successor national agreement and sit on the First Student National Grievance committee. This committee meets at least quarterly and has gone around the country to various bus yards to meet, greet and discuss issues with school bus drivers.
